Site Supervisor

Description

Our client is a leading fit out & interior main contractor with over three decades of envious reputation of working with global blue-chip clients throughout the length and breadth of Australia.

Due to a number of high-profile project wins, the company is now seeking an experienced Site Supervisor to join their team. These candidates will come from a tier 1 or tier 2 fit out background with experience in delivering luxury fit outs to the Education, Healthcare, Universities or Commercial sectors.

Responsibilities

The candidate will be responsible for:

- Excellent knowledge of all phase of commercial construction
- Experience in construction scheduling, field supervision, and quality control of construction projects
- Managing sub-contractors, direct labour & on-site activities
- Managing day to day operations of the project
- Ensuring project deadlines are being met and that everyone is working to highest productivity levels
- Ensuring the site is clean, tidy and that H&S is of paramount importance

Qualifications

- A Construction Related Trade in Carpentry or Building
- A minimum of 5 years' experience in Supervision within the Commercial Building Environment
- First Class Communication Skills
- Adaptable to multi-tasking and working in a fast-paced environment
- Able to lead and take charge of a project
- White Card, First Aid Certificate & Riggers License
- Full Australian Working Rights and Currently Living in Australia
